Lohmann
Qualität in Edelstahl

Dear business partner,

We kindly ask you to provide the following information to your accounting department:

According to the new legal regulation regarding electronic invoices (ERechV), suppliers and service providers are obliged to issue and submit all invoices in electronic form. Therefore, we will issue and dispatch our invoices based on this regulation starting from 1st January, 2027.

We will use the format ZUGFeRD as our standard. However, we are also able to provide the invoices in XRechnung format if you prefer this format. To ensure a smooth transformation, kindly inform us early if you wish to receive the invoices in XRechnung format. Also, please inform us about your e-mail address for the electronic dispatch of the invoices.

Of course, we make sure that our invoices will meet the legal requirements of § 14 of German VAT law (UStG), especially containing all obligatory information like invoice number and VAT-identification number.

We thank you in advance for your friendly co-operation, and we are looking forward to continuing our successful business relations!

Best regards,
